

# Queenstake Resources USA, Inc.

## **ENVIRONMENTAL MANAGER**

***Queenstake Resources USA, Inc., a wholly owned subsidiary of Yukon-Nevada Gold Corp., has an immediate need for an Environmental Manager at our Jerritt Canyon Mine located north of Elko, NV.***

The successful candidate will possess a B.Sc degree in Environmental Science or Engineering, Hydrology, Soils, Range, Wildlife or similar field, and have at least eight years of relevant environmental experience, preferably in mining or a related field. Experience should include managing environmental programs and teams, preparation of environmental permits and associated reports, coordinating with regulatory agencies, and ensuring environmental compliance.

Candidates should have a working knowledge of state and Federal regulations pertaining to mining such as the CAA, CWA, ESA, NEPA, RCRA, SARA, and TSCA. Candidates must have strong computer skills with demonstrated expertise in Microsoft applications; AutoCAD and GIS experience would be a plus. The ideal candidate will possess: excellent written and verbal communication skills, strong organizational skills, ability to manage several projects simultaneously, ability to work in a team atmosphere as well as the ability to work with limited supervision. Candidates must also be self-starters, highly motivated and have the ability to meet deadlines. Candidates should be willing and able to conduct fieldwork, including environmental monitoring and testing, as necessary.

**Queenstake** offers a great place to work with an excellent salary and benefits program including: company provided medical, dental, vision and life insurance, a health club membership program, and other benefit programs. If qualified, send resume, including salary history and references to:
